|-------------------------|------------------------|
| 1. Mrs. Marilyn Garvin | Chief Internal Auditor |
| 2. Mr. Ivan Camal | Acting City Engineer |
| 3. Mrs. Marilyn Ordonez | Director Finance |

Absent:

- | | |
|-----------------------------------|------------------------------------|
| 1. Ms. Alifa Elrington | Councilor |
| 2. Mrs. Hyacinth Latchman Cuellar | Councilor (out of the city) |
| 3. Mr. Philip Willoughby | Councilor (Sick) |
| 4. Ms. Candice Miller | City Administrator (Vacation) |
| 5. Ms. Sharlene Rudon | Director HR/PR (attending funeral) |
| 6. Mr. Floyd Williams | City Engineer – Sick Leave |

The meeting was called to order at 1:20 p.m.

Councilor Alain Gonzalez opened the meeting with a prayer.

1. The Mayor requested that the minutes of the meeting held March 9th, 2017 be reviewed.

Adoption of Minutes

2. The minutes of the meeting for March 9th, 2017 was circulated and Councilors were given time to read thoroughly before confirming. No corrections were made to the minutes. All Councilors presented voted in favour of adopting the minutes.
3. The Mayor moved that the minutes of the Meeting held on March 9, 2017 be adopted. Councilor Theus motioned for the approval of the minutes, seconded by Councilor Pitts.
MOTION CARRIED

MATTERS ARISING FROM THE PAST MINUTES

4. The Mayor asked for an update on the status with the repairing of the sea walls at BTL Park. He said that boulders needed to be built to retain the walls. He requested that Mr. Camal put some urgency on having the walls repaired.
5. The Mayor asked for an update on the status with the revenue enhancement mechanisms. He stated that the MOU for the taxi operators and the parking fees should have been coming into place by now. Mrs. Ordonez stated that Councilor Theus would discuss these in his update.
6. The Mayor asked for an update on the purchasing of the backhoe. Mrs. Ordonez updated that Gentrac has ordered the backhoe and was waiting on its arrival which should be within the next 2 weeks.
7. The Mayor asked for an update on the auction/disposal of the existing backhoes. Mrs. Garvin stated that Gentrac only deal with their brand therefore she was currently looking for somebody else to assess the equipment.
8. The Mayor stated that he had a meeting with Councilor Pitts and Mr. Benjamin in regards to Mr. Benjamin's resignation. He mentioned that Councilor Pitts has some major concerns with the Namis System. He requested that Councilor Pitts concerns be addressed during the implementation of the system. The Mayor stated that this system is part of the Master Plan and the Belize City Council is the last municipality to adopt it. However, it should be a seamless transition. He stated that Council should do a second review of the system and MIS is to be the lead in the implementation bearing in mind that the system is first and foremost a finance system.
9. Councilor Pitts informed that he spoke to Mr. Benjamin and he was reconsidering his resignation. The Mayor stated that he needed a decision by April 5th, 2017 on whether his resignation was being retracted.
10. The Mayor asked for an update on the Cemetery issues. Councilor Leslie informed that he has met with his team to discuss the concerns. He said that some log books are missing which is one of the issues. He stated that the cemetery needed a manager with the technical capability to work with the Planning Department to ensure that graves are built properly. He added that the current policy which only allow spouse, parent and child to be buried in a grave remained. In addition the grave must be readily identified for it to be used.

11. The Mayor asked that policies set out from the Cemetery Meeting be done in writing so that it could be used to inform people of the policy. Council Leslie committed to share the minutes of their meeting which list the policy.
12. Mrs. McKenzie voiced her concern with Mr. Floyd Williams contract being included as part of the meeting. She stated that she believed issues concerning directors' contracts and performance should not be discussed in the directors' presence. She questioned whether this will be a standardized process for directors.
13. The Mayor explained that Councilor Elrington had voiced her concern that there was no appraisal process for directors and there should be some mechanism in place to evaluate their performance. He clarified that the discussion was not about Mr. Williams' performance but rather to formalize a process to appraise Directors.
14. Mrs. McKenzie said she believes if there is a concern with a director these concerns should be raised during the contract period and not at the end of the contract. The Mayor agreed that this should be the process similar to the process for employees where discussions are held and documentation kept.
15. Reference to the two speed bumps and traffic signs at Amara Avenue requested by Councilor Willoughby in the previous meeting the Mayor requested that the Works Department work with Councilor Willoughby in getting these installed.
16. Mr. Camal mentioned that Ebenezer School had requested a speed bump/pedestrian crossing in front of their school. The estimated cost to get this installed is \$2400.00. The Deputy Mayor stated that these bumps could be made by Council with tar and stones. The Mayor asked that this be done.
17. Councilor Leslie mentioned that a bump is also needed at the corner of Cemetery and Magazine Roads as this area is hazardous to pedestrians. The Mayor requested that a pedestrian cross be built at this location.
18. The Mayor reiterated that ramps are to be built by Amara Avenue, Ebenezer School and corner Cemetery and Magazine Roads. He also asked that the school zone signs be installed.
19. Mrs. McKenzie stated that there was no need for a Sanitation person to sit on the LBA board. What is needed is that the sanitation concerns be part of the criteria for construction. Councilor Leslie and the Mayor agreed that it was not necessary for a Sanitation person to sit on the board.
20. The Mayor updated that the Belize Waste Control had submitted their letter for renewal of their contract. The contract does not expire until December 3rd, 2017, however their contract stipulated that interest for renewal needs to be made at least 6 months/180 days in advance. A meeting was held with members from the Council, Belize Waste Control and their lawyer. They are requesting for a 5% increase on their current contract which is an increase of approximately \$2,500.00 weekly.
21. The Mayor said that the Council requested that the option for persons to be allowed to personally dispose of their garbage be removed from the contract. Mr. Griffith agreed to send a formal letter pertaining to the discussion. He said that although people say they will properly dispose of their garbage they dispose it along the highway.

22. Mrs. Ordonez mentioned that there was a discussion on this contract with IDB. They are concern that it seems as if the Council cannot get out of this contract.
23. Councilor Leslie said his only concern with the contract is that Waste Control has the first option to renew which gives little room for others to venture in to this contract. Mayor Bradley clarified that an automatic renewal only applies once to the first renewal hence this no longer applies. He said that the Council has 6 months to discuss their concerns with Waste Control and make changes.
24. Mayor Bradley asked that the Audit Committee be revitalized. The board should comprise of at least 6 members (3 from the Council and 3 external with one being from local government). The suggested members are the Mayor, Mrs. Ordonez, Ms. Miller and Mrs. Garvin and 3 outside persons. He said that the way the charter was designed states that a person from Local Government needs to be on the committee.

Mayor Darrell Bradley

MAYOR MATTERS

25. Mayor Bradley stated that the contract for Ranger Security and the contract for the rental of the WellWorth Building were up for renewal. He briefly discussed these and shared the contracts with the Councilors to review and voted on at the next Caucus.
26. In reference to the Bella Vista Project the contractor presented the scope of work but not the pricing. This is the area to the left of Bella Vista. Councilor Leslie is now engaging with residence on the other side for a similar venture. The Mayor stated that the area is extremely bad. He said 1 year of taxes covers half of the payment for this work.

Mayor Bradly and Mrs. Ordonez left at 2:05 p.m. to attend a meeting at IDB. Deputy Mayor Samuels took over as chair of the meeting.

27. Reference the Bella Vista street project Deputy Samuels said that the residents were requesting chip and seal (paved streets). He said there is about 40 residents in the area. He believes the Council needs to be careful with these ventures as it ties up the Council finance.
28. Councilor Leslie stated that there is about 40 residents in his area as will but not all the streets need paving. He believe that one year tax should cover this expense. He will reach out to Mr. Burgos to get the costing.
29. Councilor Leslie asked that residents sign that if any person does any damage to a street after it has been repaired they will be responsible for the repair. He highlighted that there are many empty lots in the area, therefore sometime in the future construction will be done. Mrs. McKenzie suggested that a committee be put in place to address these concerns especially when it comes to the utilities companies. Deputy Mayor said that Ms. Patnett is performing committee relating to this.
30. Councilor Theus stated that he is not fully in agreement with the project as it affects the budget since it will be paid from property tax. He said that technically it is not the residence paying for the streets but the Council. He said it is not really the residents fixing their streets but the Council as the tax is for the Council.

31. Deputy Samuels replied that yes it is the Council's money, however, the cost of getting these streets built was reasonable and technically it is the Council's responsibility to build streets.
32. Deputy Samuels updated that the Mr. Ramon informed him that the City Planner asked to pause the paving at Cinderella Plaza. He said that the area is already prepared. He asked Mr. Camal if he was aware of this but he was not aware. Deputy Samuels asked Mr. Camal to follow on this.
33. Deputy Samuels informed that the paving of remaining portion of Ariel Rosado Street should be completed by the week ending April 14th, 2017 as the preparations has already been done.
34. The discussion on CUF was differed to the next meeting.

Councilor Theus

35. Councilor Theus said that 5 public consultations were held on various matters over the past months the last one being the presentation of the revised FGTZ fees by Troy Smith (see proposed and revised fees attached).

36. The revised fees for Artisans/Vendors will be \$150.00 per Annum for Business License and Rental/Lease Fees \$150.00 monthly, The hair braiders will pay a peddlers fee of \$25.00 monthly but no rental as they will be using tents, tour operators will be \$600.00 per annum and the food booth will be \$150.00 monthly and \$150.00 per annum. All Councilors present voted in favor of these revised fees.
37. Councilor Theus voiced his concern that the City Administrator did not attend any of the last 5 past public consultations held. He stated that as the CEO she needs to be there along with the Council. He stressed that she needs to be present at these forums and he will have a discussion with her when she returns from vacation as he believes this needs to be discussed with her prior to end of her contract.
38. Deputy Samuels asked if this is the feelings of the other councilors. Councilor Leslie said that he likewise believes that she should be in attendance at these forums, however this need to be a Council discussion. Deputy Samuels voiced that this could be something that could be put as policy stating that the City Administrator needs to attend these meetings as it is for the betterment of the Council.
39. Mrs. McKenzie voiced that she believes that directors should be excluded from these discussions as in her opinion issues such as these should be for Council only.
40. Mrs. Garvin asked about the implementation of the fees for FGTZ.
41. Mrs. McKenzie stated that there is some confusion on when the fees will be implemented and this needed to be clarified.
42. Councilor Pitts stated that only the only fees that will be implemented immediately is the fees for Taxi Operators. He said that the tour operators will pay \$600.00 per year trade license and tour guides who are not under a tour operator will pay a monthly fee.

43. A vote was taken on the revised fees. All Councilors present voted in favor of the revised fees. Councilor Theus committed to go back to the stakeholders to present the revised fees.

Councilor Pitts

44. Councilor Pitts said that over the last 10 years the Council has supported the annual Rose Classic by donating to \$7,000.00 to this event. He informed that he received a letter from them requesting the usual sponsorship. Councilor Pitts requested that being an election year the Council split this donation in three giving \$2,000.00 to Rose Classic and \$2,500.00 each to the basketball tournament being planned in Mesopotamia and the football tournament being planned in the Fabers Road area. He the mentioned that he already informed Mr. Hyde from Rose Classic of this suggestion. Rose Classic will tentatively be held at All Saints School Compound.
45. Councilor Leslie suggested that the Council keep with sponsoring basketball tournaments and not football since the funds is normally for basketball tournament. In addition, it would be less logistics. There was some discussion on this including uplifting of the Berger Field and it being renamed to the Andrew Faber Field.
46. Councilor Pitts stated that it is burdensome on the traffic officers to direct the flow of traffic at the Cinderella Plaza. He asked for the Council support in having the needed motherboard purchased. During the meeting Councilor Pitts was made aware that the motherboard was already purchased and awaiting customs clearance. Councilor Pitts called Mr. Chang, who confirmed that the motherboard was in the country and will be available and ready for installation by the end of the week. Councilor Pitts explained to Mr. Chang the procedure he needed to do in order to receive payment.

Councilor Leslie

47. Councilor Leslie informed that a meeting was held to address the Cemetery Concerns. He will forward the minutes of the meeting to L Butler for inclusion on the minutes of this meeting (see attached) so that Councilors can read and vote on the policy decisions at the next meeting.

Minutes
requirements for Ne

48. The decision that only spouse, child or parent can be buried in a used grave spot remains, in addition the grave needs to have a clearly marked headstone. All councilors present voted in favor of this decision.
49. Councilor Leslie invited the councilors give their support to the female cross country scheduled for Sunday April 9th, 2017, Councilor Pitts and Theus confirmed that they would attend.
50. Councilor Leslie stated that him being cancer survivor the Cancer Society ride committee sent him an invitation letter asking him to be the face and champion of the

for this event. He requested the Council support to be a platinum sponsor, which is between \$5,000.00 and \$7,000.00.

51. A vote was taken and approved that \$5,000.00 be donated based on availability of funds and Mrs. Ordonez review of the Council finance.
52. Councilor Leslie requested that Council reimburse him for his expenditure for the football tournament (10 games). Each game he brought in 4 players from the cayes at \$50.00 each which he paid out of pocket plus he incurred other expenses.
53. All Councilors present voted in favor of reimbursing Councilor Leslie once he provided an invoice of his expenditures.
54. Mrs. McKenzie requested that the HR Matters agenda items be held off to the next Caucus since Ms. Rudon, the City Administrator and the Mayor was not present.
55. Mrs. Ordonez agenda points was deferred to the next meeting.

Petitions from the Public

56. At the time Mr. Camal stood up to present the petitions from the public Mrs. McKenzie voiced that the proper procedure for presenting petitions was not being followed. She explained that the Councilor responsible for LBA, who is Councilor Edwards, should be the one to request that the petitions be presented and then he can appoint the City Engineer or City Planner to make the presentation of the petitions.
57. Councilor Edwards stated that he had no knowledge of what petitions were being presented and until things were being done the proper way he would not remain present. He left the meeting and at that point quorum was lost.
58. The Deputy Mayor, remaining Councilors and Mrs. McKenzie discussed that petitions were never presented by a Councilor. Mrs. McKenzie stressed that not because the proper procedure was to being followed means that it should continue that way. It was agreed that in the future the Councilor responsible for the petitions from the public will be privy to the petitions prior to the meeting. The Councilor will state that the petitions will be presented and can then appoint the City Engineer or City Planner to present them.

59. Councilor Edwards came back to the meeting and joined in the discussion.
60. The Deputy Mayor moved for a motion to adjourn the meeting. Councilor Leslie motioned that the meeting stands adjourned; Councilor Theus seconded the motion. **MOTION CARRIED.** All Councilors present voted in favor to adjourn the meeting. Meeting was adjourned at 3:15 p.m.

Confirmation of Minutes

**Minutes of Sanitation regarding requirements for New Contract with B.W.C
& Cemeteries
March 16, 2017
City Administrators Office**

**Present: Mr. Dion Leslie- Councilor
Mr. Phillip Willoughby- Councilor
Mr. Michael Theus- Councilor
Ms. Candice Miller – City Administrator
Mr. Percival Murillo – Sanitation Manager
Mr. Wayne Usher – CEMO / Cemetery Manager
Mrs. Margaret Mckenzie- Dir. Of Legal Affairs
Ms. Sharlene Rudon- Dir. Of Administrations**

Absent:

Minutes of Meeting

Meeting Call to order at 2:15 p.m.

Matters regarding B.W.C.

- 1.) Ms. Miller opened by explaining the purpose for the meeting. She stated that she wanted them to come up with a plan to start 2017. She mentioned that the main areas of concern is that they do not pick up garbage directly after the Public & Bank Holiday. Sometimes it is not collected until the next collection day for that area.
- 2.) Councilor Willoughby explained that his issue with B.W.C is that simple. They have a problem collecting the garbage from alley ways especially Orange Street. He suggested that we need to coordinate with traffic to allow them to move smoothly. He also mentioned that we are the only country that he knows of that garbage is still collected during the day.
- 3.) Councilor Leslie explained that garbage is collected differently especially when there is shift in drivers. Some drivers collection starts from different points.
- 4.) Ms. Miller expressed that B.W.C at one point wanted each home to have a bin for their personal garbage disposal. It could be brought up when the meeting with them.

- 5.) Councilor suggested that we could develop an annex unto the contract that will be signed indicating the other requests that Council and B.W.C has agreed to.
- 6.) Councilor Willoughby reminded all present that it was Mayor Bradley was to sit with their attorney Pricilla and take areas of the contract out and come to a finality.
- 7.) Councilor Leslie requested that we look into ideas for the feasibility of doing our own collection in high garbage accumulation areas whenever there is a holiday. Areas such as Kelly Street and it factors on what Tourist see when traveling through the city.
- 8.) Councilor Willoughby explained that we use to deploy a supervisor on B.W.C trucks and wondered if we could possibly doing that procedure again. He feels that this will give us a better idea of what happening and if they are collecting everyone's garbage.
- 9.) Mr. Murillo indicated that the Sanitation Department will be able to supply that list.
- 10.) Councilor Willoughby suggested we deploy Inspectors and Supervisors to follow the trucks in their areas. This information will help us understand if they are fulfilling their part of the contract.
- 11.) Councilor Willoughby wanted to know if apartment building should have a Trade License?
- 12.) Mrs. Margaret McKenzie explained that they should because we are proving a service.
- 13.) Ms. Miller indicated that she will speak with Mr. Troy Smith; Valuation Manager to work on getting them to stat to apply for their Trade Licenses.
- 14.) Councilor Theus indicated that he feels strongly that B.W.C. should supply each household with a garbage receptacle.
- 15.) Councilor Leslie stated that he would like to also highlight that the workers on the trucks for B.W.C. would throw bags to each other and the bags would break/tear. They would not clean up the garbage that is on the ground. We need to get them to clean up after themselves.
- 16.) Ms. Miller stated that we will bring four issues forward to B.W.C. They are:
 1. Picking up bags that are burst after they try to collect it.
 2. Sticking to the collection time or getting it switched.

3. Better collection of garbage through the many alley ways.
4. Better collection of garbage after a Public & Bank Holiday

Issues regarding the Cemetery

- 17.) Ms. Miller explained that there has been a number of reopening & exhumations. She is not pleased and will not allow anymore to occur.
- 18.) Councilor Leslie inquired if we have gotten the Death Book Records from Mr. Williams and Mr. Bethran?
- 19.) Mr. Usher explained that Mr. Williams had the books from Mr. Neal but the ones from Mr. Bethran is no.
- 20.) Ms. Miller said that it was agreed at Caucus that for any burial to occur at Lord Cemetery it has to be parent, spouse, child to be buried on top of each other.
- 21.) Councilor Leslie indicated that he prefers for Council to stick to the original plan regarding burial and who gives permission to have a person be utilize a whole by another family member.
- 22.) Ms. Miller stated that it was agreed that spouse can be buried on spouse without permission from any siblings. If the burial is on top of a child no permission is needed.

Most members of staff would receive a full waiver or at least the cost for the construction of tombs be charged which amounts to \$430.00.

In regards to the Undertakers such as Coye and Lamb they are required to pay \$75.00 for a permit to build. Our personnel from the Planning Department were detailed to check the sturdiness and durability of the tomb that is constructed. I want to know if we are doing that as is required.

- 23.) Councilor Willoughby- I don't see them being able to do that because they have a big program before them at this time with the Flood Mitigation Project.
- 24.) Mr. Murillo stated that they spoke with Ms. Carla Patnett; City Planner who was to assign someone from the Planning Department to do this.
- 25.) Councilor Leslie explained that it was agreed to stick to the agreed decision of Caucus which is Mother, Father, Kids with a clearly marked headstone.

- 26.) Ms. Miller stated being that it is agreed on the requirements for burial she is requesting that no Manager or Councilor send persons or personnel to her to alter the decision that is made.
- 27.) Councilor Willoughby stated that no one should be able to do this once the requirements are met.
- 28.) Councilor Leslie suggested that we close down the Lord Ridge Cemetery and move all burials to Eternal Garden Mile 13 Burial Grounds.
- 29.) Ms. Miller explained that that would definitely eliminate all errors but many persons have bought spaces ahead of time. Also a number of persons still have receipts from previous burials that they want to utilize.
- 30.) Councilor Theus indicated that before we close of the Lord Ridge Cemetery there needs to be a Public Education Campaign. He also stated that he agrees that if the requirements are not met it should be automatically Mile 13 for burial.
- 31.) Ms. McKenzie indicated that it would be best to hold off from closing the Cemetery. It is an election year and we don't want to give people anything negative to look into.
- 32.) Councilor Willoughby stated that we need to start GPS these new spots at Mile 13.
- 33.) Mr. Usher informed those present that only two (2) persons know the Cemetery well and that is Mr. Bethran and Mr. Williams.
- 34.) Councilor Leslie stated that he believes the Cemetery needs a Manager or coordinator who has some level of technical background. He requested that we advertise for this position
- 35.) Councilor Willoughby explained that it will not be possible because it was no budgeted for.
- 36.) Ms. Rudon confirmed that it would need to be included in next years budget for the post to be included.

- 37.) Mr. Usher explained that this Manager will need be between the two Cemeteries and ensure that all is going according to procedure.
- 38.) Ms. Miller explained that we need to do a Public Campaign about the procedure for burial. She explained the latest situation was when Coye's Funeral Home opened the wrong grave. His worker admitted he opened the wrong grave & we took a hit for it on the media. He is still yet to compensate us for the cost to correct his error.
- 39.) Ms. Miller clarified that the in the letter and meeting to B.W. C we will highlight four points namely:
1. Picking up bags that are burst after they try to collect it.
 2. Sticking to the collection time or getting it switched.
 3. Better collection of garbage through the many alley ways.
 4. Better collection of garbage after a Public & Bank Holiday

The meeting was closed at 3:24 p.m.

**Belize City Council
